WINSFORD GARDENS

HOME OF

PENGE GREEN GYM

Winsford Gardens is maintained by Penge Green Gym, a community group working to transform this public park into a vibrant wildlife and community garden.

Our group of volunteers was founded in May 2011 by The Conservation Volunteers, and supported by intu Bromley and London Borough of Bromley, to reclaim this neglected space.

Since then we have been striving to improve the park for your benefit by sowing wildflower meadows, building wildlife habitats, planting an urban orchard, building a children's adventure area, and adding seatingamongst much much more!

Thanks to:

intu

Come along to our
free practical sessions every

WEDNESDAY 11am-2pm

and get active improving your local environment
